Horizontal Gaze Nystagmus Lack of Smooth Pursuit	Right Eye x	Left Eye x	Vertical Gaze Nystagmus present: <input type="checkbox"/> Yes <input type="checkbox"/> No	Lack of Convergence Right Eye <input type="checkbox"/> Left Eye <input type="checkbox"/>
Maximum Deviation	<del>NOT TESTED</del>		<del>NOT TESTED</del>	
Angle of Onset				

Counting Backwards: 85-65 recited as follows: not administered

**Rhomberg**  
Stand straight, hands at side, tilt head, close eyes, and estimate 30 seconds.

Starts too soon  
 Sways side to side  
 Separates feet  
 Loses balance  
 Opens eyes

**Internal clock:**  
Estimate as 30 sec. 41

**Sways in inches:**  
1/2 cir front-back      1/2 cir side to side

**Walk and Turn**  
Start in heel-to-toe stance (R/L) for directions. Take 9 steps forward, U-turn, 9 steps back. Arms at side, look at feet & count each step out loud.

Can't keep balance, # of times  
 Starts too soon, # of times      1<sup>st</sup> Nine    2<sup>nd</sup> Nine

Stops walking  
Misses heel-to-toe  
Steps off line  
Raises Arms  
Actual steps taken  
Describe turn :

Note when not performed as instructed: wrong, off, or miss.

Start

**One Leg Stand**  
Raise foot 6 inches, arms at side, look at foot (up) and count 1001, 1002, 1003, to 1030.

**Left**      **Right**

Starts too soon  
 Fails to keep foot at 6"  
 Uses arms for balance  
 Sways while balancing  
 Takes eyes off foot  
 Puts foot down  
 Arches back  
 Hopping

Indicate number of times foot touches the ground.  
 Left (stand on)      Right  
 4      0

**Finger to Nose**  
Stand straight, tilt head, close eyes, arms at side, index fingers extended & touch nose.  
L - R - L - R - R - L

Starts too soon  
 Doesn't return hand  
 Finger hovers above face  
 Uses wrong hand #  
 Loses balance  
 Separates feet  
 Arches back  
 Opens eyes  
 Sways

Narrative:  
 Rhomberg: "1/2- 1" sway in a circular motion.  
 Walk and turn: No impairment with the exception of the usage of arms to balance and failure to look at feet as instructed.  
 One leg Stand: Left foot raised; Placed foot on ground at count # 14,17,18 then began to hop in an attempt to keep balance. Placed foot on ground at count #30 then used arms and began to hop to keep balance.  
 Right foot raised; Placed foot on ground at count #22, repeated #22 and then began to hop in an attempt to keep balance. After count 22, Dudick raised his foot about 10" above the ground in an upward position.

# Incident Report Hermosa Beach Police Department

07-4151

Supplement No  
ORIG

## Summary Narrative

I explained and demonstrated a standardized battery of field sobriety tests to Dudick and he told me that he understood all instructions and demonstrations given to him. I documented an approximation of those SFST's on the DUI face sheet of this report.

## ARREST

Based upon the totality of my training, observations and investigation, I formed the opinion that Dudick was under the influence of an alcoholic beverage and was unable to operate a motor vehicle safely. I placed Dudick under arrest for suspicion of driving under the influence of an alcoholic beverage, CVC 23152(a).

## CHEMICAL TEST ADMONITION

I admonished Dudick of his chemical test requirements and he selected the breath test. I transported Dudick to the Hermosa Beach Police Department where he submitted to a breath test with results of .18% and .17%, see attached.

## BOOKING

Dudick was booked at the Hermosa Beach Police Department for violation of CVC section 23152(a) - Driving under the influence of an alcoholic beverage. Due to the fact that Dudick's BAC was above .08%, I additionally charged him with CVC 23152(b) - Driving under the influence of alcohol with BAC .08 or higher.

### Summary Narrative

#### PROBABLE CAUSE FOR TRAFFIC STOP

On 12-09-2007 at about 2035 hours, I was traveling in the 1400 block of N/B Hermosa Avenue when I noticed that the vehicle directly in front of me was traveling above the posted speed limit. I continued to follow the vehicle N/B on Hermosa Avenue and paced its speed at about 38 miles per hour which is above the posted 30 mile per hour speed limit. As the vehicle traveled in the #2 lane in the 1900 block of Hermosa Avenue, I observed it swerve and come within feet of colliding into vehicles that were parked along the East curb line of Hermosa Avenue. At this point, I effected a traffic stop on the vehicle in the 2100 block of Hermosa Avenue for violation of CVC section 22350 - Speeding and to investigate the driving pattern that the driver displayed.

#### DRIVER CONTACT

I exited my patrol car and contacted the driver on the driver side of the vehicle by speaking to him through the open driver side window. I informed the driver of the reason why I had stopped him, speeding and swerving, and asked him for his driver license. The driver gave me a California driver license that identified him as [REDACTED] Dudick (DOB [REDACTED]). As I spoke to Dudick, I noticed that his eyes were bloodshot/watery. I asked Dudick if he had anything alcoholic to drink and he told me that he did. I checked Dudick's eyes for Horizontal Gaze Nystagmus and he checked positive for this objective symptom of alcohol intoxication. At this time, I formed the opinion that Dudick was possibly under the influence of an alcoholic beverage and instructed him to exit his vehicle so that I could administer further test, SFST.

#### SFST's

### Narrative

#### PROBABLE CAUSE FOR TRAFFIC STOP

On 12-11-2007 at about 0007 hours, I was traveling N/B in the 1600 block of Pacific Coast Highway when I observed that the sole vehicle directly in front of me was traveling at a high rate of speed. I followed the vehicle N/B on Pacific Coast Highway and was able to pace it's speed at approximately 44 MPH. The posted speed limit on Pacific Coast Highway is 35 MPH. I effected a traffic stop on the vehicle at Pacific Coast Highway and Artesia Boulevard for violation of CVC section 22350 - Speeding.

#### DRIVER CONTACT

I exited my patrol car and contacted the driver by speaking to him through the open driver side window of his vehicle. I asked the driver for his driver license and he gave me a New Jersey state driver license that identified him as [REDACTED] Moscarello (DOB [REDACTED]). I told Moscarello the reason why I had stopped him, speeding and lane straddling. Upon contacting Moscarello, I immediately noticed that his pupils were dilated which led me to believe through my training and experience that he was possibly under the influence of alcohol or drugs. I asked Moscarello if he had anything alcoholic to drink and he told me that he did. I checked Moscarello's eyes for Horizontal Gaze Nystagmus and he checked positive for this objective symptom of alcohol intoxication. At this time, I formed the opinion that Moscarello was possibly under the influence of an alcoholic beverage and instructed him to exit his vehicle so that I could administer further test, SFST's.

#### SFST's

I explained and demonstrated a standardized battery of field sobriety test to Moscarello and he told me that he understood all directions and instructions given to him before each test. I

Report Officer

**Hermosa Beach Police Department****Narrative**

documented an approximation of those SFST's on the DUI face sheet of this report.

**ARREST**

Based upon the totality of my observations, training and investigation, I formed the opinion that Moscarello was under the influence of an alcoholic beverage and was unable to operate a motor vehicle safely. I placed Moscarello under arrest for suspicion of driving under the influence of alcohol, CVC 23152(a).

**CHEMICAL TEST ADMONITION**

I admonished Moscarello of his chemical test requirements and he selected the breath test. I transported Moscarello to the Hermosa Beach Police Department where he submitted to a breath test with results of .13 and .12%, see attached.

**BOOKING**

Moscarello was booked at the Hermosa Beach Police Department for violation of CVC section 23152(a). Because Moscarello's BAC was at or above .08%, he was additionally charged with CVC 23152(b).
