

**March 12, 2002**

**Honorable Chairman and Members of the  
Hermosa Beach Planning Commission**

**Regular Meeting of  
March 19, 2002**

SUBJECT: PROPOSED TEXT AMENDMENT TO PERMIT SIDEWALK SIGNS

**Recommendation**

To direct staff to transmit the subject text amendment to City Council for review prior to consideration by the Public Works Commission.

**Background**

The Planning Commission previously directed that proposed changes to the Sign Ordinance regulating sidewalk signs be referred to the Public Works Commission for consideration regarding their location on the public right of way. The City Manager has suggested that matter be referred directly to the City Council for direction, prior to be considered by the Public Works Department.
