**Honorable Chairman and Members of the
Hermosa Beach Planning Commission**

**Regular Meeting of
July 15, 2003**

SUBJECT: CONDOMINIUM 97-10 & PRECISE DEVELOPMENT PLAN 97-9
AMENDMENT

LOCATION: 927 17TH STREET

APPLICANT: GARY WIGODSKY
927 17TH STREET

REQUEST: AMENDMENT TO ADD A ROOF DECK TO AN EXISTING
CONDOMINIUM

Recommendations

To approve the request subject to conditions as contained in the attached Resolution.

Background

At the meeting of June 17, 1997, the Planning Commission approved a Conditional Use Permit, Precise Development Plan and Tentative Map for the subject 2-unit condominium project located at the north side of 17th Street between Pacific Coast Highway and Prospect Avenue.

Analysis

The applicant is proposing to add a 365 square foot roof deck on the rear unit. Proposed access to the roof deck is by a single spiral staircase from an existing deck on the floor level below.

The proposed deck addition does not comply with the 30-foot height limit requirement for the R-2B zone. Although the applicant does not properly indicate the proposed and maximum height elevations at the critical height point on plans, staff studied the plans and determined that the proposed roof deck is approximately 3.5 inches over the allowable height limit. Staff recommends that the proposed roof deck be redesigned to comply with the allowable height limit, and that this can be incorporated in the Conditions of Approval.

Otherwise the proposed deck addition complies with all zoning requirements, including open space and lot coverage. While the proposed roof deck modifies the architectural appearance of the existing rear building, the change does not appear to compromise the overall architectural appearance of the building.
