REQUEST: TO ALLOW A TWO-UNIT CONDOMINIUM PROJECT

Recommendations

To approve the Conditional Use Permit, Precise Development Plan, and Vesting Tentative Parcel Map subject to conditions as contained in the attached Resolution.

Background

PROJECT INFORMATION:

GENERAL PLAN:	Medium Density Residential
ZONING:	R-2
LOT SIZE:	4,108.5 Square Feet
EXISTING USE:	Single-Family Residence
PROPOSED SQUARE FOOTAGE:	Unit 1: 2,183 square feet Unit 2: 2,408 square feet
PARKING REQUIRED:	4 Standard 1 Guest
PARKING PROVIDED:	4 Standard 1 Guest
ENVIRONMENTAL DETERMINATION:	Categorically Exempt

The subject site is located on the north side of 10th Street between Ardmere Avenue and Pacific Coast Highway.

Analysis

The project consists of two attached units containing basements with two stories above. Each unit has four bedrooms and three and one-quarter bathrooms. The building is designed in a Mediterranean style, with a smooth stucco finish, clay tile roof, wood trellises above the second story decks, and decorative metal guardrails.

The project complies with all zoning requirements. The building as designed complies with the 30-foot maximum height limit. Lot coverage calculates to be 64.7%, which is under the 65% maximum allowable. All required yards are provided, including a front yard of 9.75 feet rather than the required 5 feet. Both units have usable open space with enough square footage to meet the minimum requirement of 300 square feet. The front unit has open space provided on first and second story decks and a roof deck. The rear unit has open space provided in the rear yard and on second story and roof decks. Each unit provides adequately sized decks adjacent to the primary living areas as well.

The garage for each unit is accessed from a common driveway and centrally located turn-around area. Required parking is provided in the two car garages, with one guest parking space provided at the end of the driveway. The curb cut for the driveway replaces an existing curb cut in a different location and does not result in the loss of on-street parking.

The project meets all the requirements of the Condominium Ordinance. Storage areas are shown in both units to comply with the requirement of providing 200 cubic feet of storage space per unit. The plan provides for landscaping in the areas available in the front and rear yards. Small landscaping areas are also provided in the side yards. The landscaping plan includes an irrigation system and two 36" box trees.
