

February 20, 2003

Honorable Mayor and Members of  
the Hermosa Beach City Council

Regular Meeting of  
February 25, 2002

**PLACEMENT OF ADDITIONAL GUY WIRE POLE ON 25<sup>TH</sup> STREET AND  
REMOVAL OF EXISTING GUY WIRE POLE**

**Recommendation:**

That the City Council approve appropriation of \$5,406.67 from the Myrtle Avenue Utility Underground Assessment District project to rearrange the support system for the utility poles on 25<sup>th</sup> Street.

**Background:**

This relocation of the guy wire poles is a solution that allows the removal of the pole on school district property and in the Myrtle underground district. This solution is considerably less than first estimated by SCE and will be paid with assessment district funds.

The new pole will be located in the area between two existing poles and in front of 426 25<sup>th</sup> Street in the public right-of-way.

Respectfully submitted,

Stephen R. Burrell  
City Manager
