Honorable Mayor and Members of the Hermosa Beach City Council

City Council Meeting of June 11, 2002

ADOPTION OF THE 2002-2003 APPROPRIATION LIMIT

Recommendation:

It is recommended that the City Council adopt Resolution 02- setting the 2002-2003 appropriations limit.

Background:

In November of 1979, Article XIII B of the California State Constitution was added by the voters through Proposition 4. This Article established limits, using a formula, on state and local governments for appropriation of revenue from tax proceeds.

On June 5, 1990, Proposition 111, modified the method of calculating the limit, beginning with fiscal year 1990-91, to allow the City to choose the most beneficial of two adjustment factors for inflation and population as follows:

Inflation California Per Capita Personal Income

or

Increase in Non-Residential Assessed Valuation Due to New Construction.

Population City Population Growth

or

County Population Growth.

Proposition 111 also implemented a requirement that our Appropriation Limit be reviewed annually by our independent auditor.

Analysis:

The 2002-2003 limit was calculated, per the League of California Cities Uniform Guidelines, by applying the population and inflation factors to the prior year limit. The City of Hermosa Beach Population Change of 1.97% was used as the population growth factor since it is greater than the population increase of 1.77% for the County. The increase of 1.00% for Non-Residential Assessed Valuation Due to New Construction was used as the inflation factor since the other growth factor for inflation, the California Per Capita Personal Income change is -1.27%. The factor with the largest change is always chosen to give the City maximum discretion with regard to appropriations.

The law requires adoption of the 2002-2003 limit by resolution and a recorded vote of the Council to select annual adjustment factors. The choice is set forth in the attached resolution.

The limit calculation will be reviewed by our	auditors during the annual financial audit.
