

September 17, 2002

Honorable Mayor and Members of  
the Hermosa Beach City Council

Regular Meeting of  
September 24, 2002

<p><b>UNDERGROUND EASEMENT TO SOUTHERN CALIFORNIA EDISON FOR FIBER OPTIC CABLE IN CONNECTION WITH TYCO PROJECT</b></p>
--

**Recommendation:**

1. That the City Council approve the grant of an underground easement to Southern California Edison Company for installation of a fiber optic cable; and,
2. That the City Council authorize the Mayor to execute the easement on behalf of the City.

**Background:**

A letter is attached from the Moote Group on behalf of Southern California Edison requesting grant of an easement to allow the installation of a fiber optic cable in the Greenbelt from generally Second Street to Herondo. This is part of the Tyco Project and the cable will lead to the station to be located in Redondo Beach.

The easement has been reviewed by the City Attorney and is in the appropriate form for the limited purpose that installation will serve. SCE has agreed to a \$500.00 fee for granting the easement.

Respectfully submitted,

Stephen R. Burrell  
City Manager
