

October 22, 2002

Honorable Mayor and Members of
The Hermosa Beach City Council

Regular Meeting of
November 12, 2002

**PROJECT NO. CIP 01-159 STREET IMPROVEMENTS – HILLCREST DRIVE &
RHODES STREET FROM 18TH STREET TO 21ST STREET AND 18TH STREET
FROM PACIFIC COAST HIGHWAY TO PROSPECT AVENUE
AWARD CONSTRUCTION CONTRACT**

Recommendation:

It is recommended that the City Council:

1. Award the construction contract for Project No. CIP 01-159 Street Improvements – Hillcrest Drive & Rhodes Street from 18th Street to 21st Street and 18th Street from Pacific Coast Highway to Prospect Avenue to Sialic Contractors Corporation dba Shawnan of Downey, California, in the amount of \$323,323.00; and
2. Authorize the Mayor to execute and the City Clerk to attest the construction contract subject to approval by the City Attorney; and
3. Authorize the Director of Public Works to make minor changes as necessary within the contingency of \$33,000.00.

Summary:

On September 10, 2002, City Council authorized advertising for bids. The project was advertised in the Easy Reader, Green Sheet (Construction News Reporter), and Construction Market Data. A total of 10 bid packages were picked up by the contractors. The City Clerk received 5 bids by the closing date of October 17, 2002. The bids were publicly opened and read aloud. The bid results are as follows:

BIDDER	CITY	TOTAL BID AMOUNT
1. Sialic Contractors Corp. dba Shawnan	Downey, CA	\$323,323.00
2. Palp, Inc. dba Excel Paving	Long Beach, CA	\$355,020.00
3. Alliance Streetworks	Anaheim, CA	\$364,299.00
4. Sequel Contractors	Santa Fe Springs, CA	\$365,260.00
5. Clarke Contracting Corporation	Lawndale, CA	\$435,390.00

All bids were responsive. The price of the apparent low bidder, Shawnan, is \$1,677.00 (approximately half a percent) below the engineer's estimate of \$325,000.

Analysis:

The proposed scope of work consists of cold milling the existing concrete pavement and overlay of asphalt concrete, installation of storm drain lines, catch basins and a manhole, traffic markings & signage and placement of 3 speed humps on Hillcrest Drive.

Once the construction contract is approved, construction is scheduled to begin in December 2002 and the completion of construction is anticipated in March 2003. The allowed construction time is 60 working days from the date the Notice to Proceed is issued.

Staff has reviewed the bid documents of the low bidder, Shawnan, and has found them to be in order. The references were verified by contacting the Cities of Manhattan Beach, La Puente and Chino. Additionally, the contractor's license was found to be valid and current by checking with the Department of Consumer Affairs.

Fiscal Impact:

The project funding sources are as follows:

FUNDING SOURCE	FY 01-02 APPROPRIATIONS
1) 115 STATE GAS TAX FUND	150,000
2) 160 SEWER FUND	100,000
3) 301 CAPITAL IMPROVEMENT FUND	340,000
TOTALS	\$590,000

Sufficient funds are available for construction; therefore, no additional appropriation is needed.
