

October 6, 2004

Honorable Mayor and Members of
the Hermosa Beach City Council

Regular Meeting of
October 12, 2004

**COMMUNITY ENERGY PARTNERSHIP
TORCHIERE LAMP TRADE-IN PROGRAM
NOVEMBER 20, 2004**

Recommendation:

That the City Council receive and file as an informational item.

Background:

The City Council approved joining the 10 city Community Energy Partnership in August. The first community activity planned will be on Saturday, November 20, 2004 at the City Hall Parking Lot on Valley Drive. This will provide an opportunity for residents to exchange their energy-guzzling halogen floor lamps for new, highly efficient fluorescent models and to purchase energy saving spiral fluorescent light bulbs at a large discount.

The event is being staffed by Leadership Hermosa volunteers. There is no cost for the exchange of lamps. This is one of the funded activities covered by the grants received by the Energy Coalition and clearly one of the benefits of the program for Hermosa Beach residents that wish to participate in the lamp exchange program.

Respectfully submitted,

Stephen R. Burrell
City Manager
