INDUSTRIAL		
The connection fee for an industrial discharger will be calculated by the Los Angeles County Sanitation Districts based on projected wastewater quantity and strength contained in the Application for Permit for Industrial Wastewater Discharge and you will be billed separately.		

- ¹ Bakeries which sell the majority of their products off-site and have wastewater flows greater than 500 gallons per day are classified as industrial waste dischargers.
- ² Centralized food processing facilities for distribution to supermarkets are classified as industrial waste dischargers.
- ³ Radiator shops are classified as industrial waste dischargers.
- ⁴ Warehouses which store hazardous chemicals and have floor drains are classified as industrial waste dischargers.
- ⁵ Laundries which are not coin operated are classified as industrial waste dischargers.
- ⁶ Hospitals which provide acute care service are classified as industrial waste dischargers. Senior citizen housing with individual cooking facilities are classified under the multi-unit residential category.
- ⁷ Student residences are classified as rooming houses unless individual units have separate cooking facilities in which case they are classified under the multi-unit residential category.
