AWARD PROFESSIONAL SERVICES AGREEMENT
FOR DESIGN & ENGINEERING**

Recommendation:

It is recommended that the City Council:

1. Award Professional Services Agreement to John M. Cruikshank Consultants, Inc. (JMC²) to provide design and engineering services for CIP No. 05-119 in the amount of \$38,400;
2. Authorize the Mayor to execute and the City Clerk to attest the attached Professional Services Agreement subject to approval by the City Attorney; and
3. Authorize the Director of Public Works to make changes as needed to the agreement within the project budget amount.

Background

On October 2, 2006 Staff received a fully executed Agreement from Caltrans, Division of Local Assistance, authorizing the City to proceed with engineering of Project No. CIP 05-119 Street Improvements - 21st Street: Ardmore Ave to Prospect Ave; Hermosa Avenue: 26th Street to 35th Street; and Longfellow Avenue: Manhattan Ave to Ingleside Ave. This agreement was approved and adopted by Resolution 06-6491 by Council at the meeting of September 12, 2006.

Proposals were requested to provide plans and specifications from the following firms:

John M. Cruikshank Consultants, Inc.	San Pedro, CA	\$38,400
MBF Consulting, Inc.	Mission Viejo, CA	\$49,984
Priority Engineering/CBM Consulting, Inc.	Torrance, CA	\$55,000

All three firms are all well qualified and have provided excellent services in the past. Cruickshank, MBF, and CBM are currently under contract with the City and are near completion of their scope of services. All three continue to provide excellent services. Based on the proposals received, Staff recommends John M. Cruikshank Consultants, Inc. (JMC²) as the most cost effective choice for design services.

Analysis:

JMC² will create base plans using topographic surveys and street layout plans from the City and will field verify and document existing street conditions. JMC² will prepare street improvement plans for the re-surfacing along with replacement and/or addition of limited quantities of curb and gutter, swales, and cross gutters to City Department of Public Works standards. Work includes Hermosa Avenue, Longfellow Avenue, and 21st Street.

JMC²'s proposal can be found in Exhibit A of the attached Draft Professional Services Agreement.

Fiscal Impact:

Design costs for this CIP have been approved using STP-L (Surface Transportation Program – Local) funding. Upon completion of design, staff will seek Caltrans approval for STP-L construction funds.
