

February 6, 2007

Honorable Mayor and Members of  
the Hermosa Beach City Council

Regular Meeting of  
February 13, 2007

**REVIEW OF PARKING POLICIES IN PREFERENTIAL PARKING ZONES;  
CONTRACTOR'S PERMITS; EMPLOYEE PERMITS AND CONSIDERATION  
OF VARIOUS CHANGES**

**Recommendation:**

That the City Council review the materials and provide direction to staff return with any changes to the parking policies and procedures.

**Background:**

Councilmember Tucker asked at the January 23, 2007 meeting that several parking related matters be brought to the City Council for review and possible changes. In addition, at the November 14, 2006 meeting, Councilmember Reviczky had requested that the issue of contractor permits be reviewed.

The following are the current rules for purchasing residential parking permits:

1. You must be a current Hermosa Beach resident and live within the "impacted areas" of the City. The boundaries are from north to south borders; the Strand on the west and Loma Drive or Morningside Drive to the east, including Cypress between 11<sup>th</sup> and Pier Avenue. (Price \$37.00)
2. Provide proof of residency that is less than 30 days old, providing one of the following:
  - Current Parking Permit Renewal Notice, (can be used until April 1<sup>st</sup>)
  - Utility Bill, Bank Statement, Credit Card Bill – a bill or statement sent through the mail on a monthly billing cycle,
  - Rental/Lease Agreement signed within the last 30 days,
  - Proof of Property Ownership – tax bill or new escrow papers.

**OR**

Being an employee of a business located in the impacted area and show current paycheck stub or letter of employment on company letterhead.

**All residents and employees must also provide:**

1. Current vehicle registration in the name of the person requesting the permit. Company cars and family vehicles not registered to the applicant are required to

- have a letter from the registered owner authorizing the applicant to use the vehicle and referencing the vehicles license plate number.
2. Valid picture identification. Forms of acceptable identification include:
    - Valid California drivers license,
    - Current California identification card,
    - Military identification,
    - Passport.
  3. All outstanding parking violations must be paid prior to purchasing a residential parking permit.

**Business/Employee Permits.** A total of 366 employee permits have been issued during the 2006-07 year. Employee permits are sold for \$66.00 per year. These permits entitle the holder to park in yellow meter areas and in residential areas that are posted with 1 hour time limited parking signs. There are no particular restrictions except for those set forth above. If the City Council wishes to add restrictions or limit the number a business is able to purchase, staff would return with a resolution providing for any amendments. The suggested limitation was office condo projects.

**Residential/Business Parking Conflict.** The preferential parking zone is split into three different time limitations:

1. 2<sup>nd</sup> to 6<sup>th</sup> Street: 1 hour, 8:00 a.m. to 5:00 p.m. between May 15 and September 15.
2. 6<sup>th</sup> Street to 16<sup>th</sup> Street: 1 hour, 10:00 a.m. to 10:00 p.m. year-round.
3. 16<sup>th</sup> Street north: 1 hour, 8:00 a.m. to 5:00 p.m. between May 15 and September 15.

The area between 6<sup>th</sup> Street and 16<sup>th</sup> Street was changed to provide residents with a better chance of finding a parking place in the evening. At the time this change was made, it was felt that employees of downtown businesses were parking in the area.

**2006/2007 Preferential Parking Permits Issued By Type:**

Vehicle Permits (non-transferable)	4997
Guest Permits (transferable)	3661
Owner Guest Permits	511
Employee Permits	366
Vehicle Permit Replacements	107
Guest Permit Replacements	21
Employee Permit Replacements	6
	-----
<b>Grand Total</b>	<b>9669</b>

**Construction Permits.** Two types of permits are issued for this purpose:

1. General Construction Parking: These permits cost \$31 per month. This entitles the holder to park at meters and posted time limits. There are no restrictions on this permit now. It was suggested to exclude use in silver meter areas.
2. Public Works Parking Permit: This permit allows holder to have the exclusive use of a metered parking space. These cost \$12 per day and are often used by contractors to ensure access to a site for a concrete pour, etc..

Enforcement Effort. There are some areas that have experienced less enforcement than others. In order to make sure the areas are being covered, the number of Community Service Officers can be increased. It might be well to provide the increased coverage on weekends in the north end. The cost of directed enforcement in this area from May 15 through September 15 is an estimated \$20,000.

Respectfully submitted,

Stephen R. Burrell  
City Manager
