

June 18, 2007

Honorable Mayor and Members of
the Hermosa Beach City Council

City Council Meeting
of June 26, 2007

**PURCHASE OF AVENTURA VIDEO SURVEILLANCE SOFTWARE AND DISK SPACE FOR L3, AND
A FIRE PROOF STORAGE CABINET.**

RECOMMENDATION:

Staff recommends that City Council:

1. Authorize the purchase of Aventura video Surveillance software in the amount of \$4,954.00.
2. Authorize the purchase of new storage system hardware for L3 and Aventura video recordings in the amount of \$17,708.02; including installation.
3. Authorize the purchase of a fire proof cabinet in the amount of \$1,229.99 for storage of external hard-drives used for backup of L3 and Aventura.

BACKGROUND:

The Police Department must have the ability to recall and store jail/vehicle video surveillance and have it readily available for discovery motions as well as investigative purposes. With the current system in failure, there is an urgent need to purchase this new software as soon as possible. The new hardware will provide a storage system which will allow quick access for detectives, as well as records personnel, when video and audio productions are necessary.

Experience has shown us that video can be requested for trials as long as one year after the recorded date; two additional months are provided with this hardware as an additional buffer in the event of a late request or court order. In addition, a fire proof cabinet will be used to store backup files to ensure no evidence is lost or destroyed.

FISCAL IMPACT:

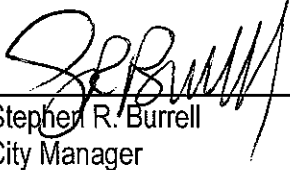

\$25,000 was reappropriated in the Citizen's Option for Public Safety (C.O.P.S.) fund in September for network storage. \$18,938.01 of that will be used to purchase the hardware and fire cabinet. \$4,954.00 is available in the Police budget for the surveillance software.

Respectfully submitted,

Greg Savelli
Chief of Police

Concur:

Stephen R. Burrell
City Manager

Fiscal Impact:

Viki Copeland
Finance Director

Aventura Technologies, Inc.
