

**CITY OF HERMOSA BEACH
COMMUNITY DEVELOPMENT DEPARTMENT**

MEMORANDUM

Date: October 16, 2007

To: Honorable Mayor and Members
of the City Council

From: Ken Robertson, Director 
Community Development Department

Subject: Adoption of the 2007 California Building Codes

Recommendation

To continue the public hearing on this matter to the November 13, 2007, meeting,

The State of California has recently adopted significant updates and changes to the State Building Codes, which go into effect on January 1, 2008. Because of the scope of these changes, the City must re-adopt several chapters in our Municipal Code (Title 15, Buildings and Construction) which by reference adopts the State Codes and includes local modifications to said codes. The State only recently has made the updates available, and staff needs additional time to complete the draft ordinance.
