May 1, 2007

To: Parks, Recreation and Community Resources Advisory Commission

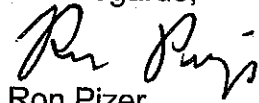

Subject: Item 2 in the April 3, 2007 minutes for the addition of 2 volleyball courts

This item will be scheduled for a public hearing by the City Council.

I would suggest forming a committee to discuss this subject and propose positive changes to improve our volleyball operation. This committee should include commission members and other interested parties.

This could make the hearing a positive and productive meeting.

Best regards,

  
Ron Pizer
