TREE SUBCOMMITTEE REPORT

Recommendation:

It is recommended that the Commission review and support forwarding the report and suggestions to the City Council.

Summary:

In response to many resident sidewalk inquires regarding sidewalk damage, business-sign blockage and citywide sewer problems due to tree roots, a tree subcommittee was formed incorporating representatives of the Parks & Recreation Commission, the Planning Commission and the Public Works Commission. The subcommittee reviewed the available history, ordinances and other pertinent information in order to develop the attached reports, draft ordinances and draft approved tree list.

Fiscal Impact:

None at this time.
