

January 13, 2004

Honorable Chairman and Members of  
The Hermosa Beach Public Works Commission

Regular Meeting of  
January 21, 2004

**REQUEST FOR SPEED HUMPS ON 24<sup>th</sup> PLACE BETWEEN  
PARK AVENUE AND VALLEY DRIVE**

**Recommendation:**

It is recommended that the Public Works Commission support this request for speed humps on 24<sup>th</sup> Place pending review by Police and Fire Departments and verification of petitions.

**Summary:**

As described in the attached petition, residents of the 500 block of 24<sup>th</sup> Place are requesting that the City install speed humps in the 500 block of 24<sup>th</sup> Place. In addition, they are requesting that signs be posted in both directions to warn drivers of the speed hump. Please see attached petition (Attachment 1).

The resident petition indicates a total of 25 contacted residents of which 22 residences are in favor and 3 are in opposition to the speed humps. This equates to 88% and 12% respectively. Please see attached Location Map (Attachment 2).

Staff has reviewed this request and has determined it to be eligible in accordance with the Speed Humps Policies, Guidelines, and Procedures dated April 2003. If supported by the Public Works Commission, staff will seek Council approval to implement this project at its first available regular pending review by Police and Fire Departments and verification of petitions.

Attachments:

1. Residents' Petition
2. Location Map

Respectfully submitted,

---

Richard D. Morgan, P.E.  
Director of Public Works/City Engineer
