

November 9, 2004

Honorable Chairman and Members of the
Public Works Commission

Regular Meeting of
November 17, 2004

**REQUEST FOR ADDITIONAL GREEN PARKING SPACE ON
BARD ST. NORTH OF PIER AVE.**

Recommendation:

It is recommended that the Public Works Commission support the installation of one additional green parking space on Bard Street north of Pier Avenue if no significant opposition is presented.

Summary:

At the June 16,2004 meeting, the commissioners supported Staff's recommendation to install one green (15 minute) parking space on Bard St. north of Pier Ave. to assist the customers of "Mrs. Dryclean USA" after the City installed parking meters along Pier Avenue.

At the October meeting, Commissioner Winnek advised that Mr. Patel, proprietor of "Mrs. Dryclean USA", told him that he was still concerned about possible loss of business as a result of the parking meter installation. He requested that the Commission support installation of the second green space.
