

December 7, 2004

Honorable Chairman and Members of
the Hermosa Beach Public Works Commission

Regular Meeting of
December 15, 2004

**PROJECT NO. CIP 04-115 STREET IMPROVEMENTS – 20TH STREET FROM VALLEY DRIVE
TO POWER STREET, REVIEW OF PLANS**

Recommendation:

It is recommended that the Commission review the attached plans and receive public comments.

Background:

This project is approved for design and construction in the Fiscal Year 2004-2005 Capital Improvement Program budget to reconstruct existing pavement and correct minor drainage problems. The funding source for this project is the Capital Improvement Fund in the amount of \$149,500. Construction will be scheduled to start tentatively in March 2005 pending City Council approval of the project.

The scope of work will involve construction or reconstruction asphalt pavement, center v-gutter, cross-gutters, curb and gutter, asphalt rolled curb (as needed), driveway, and striping. Also included will be minor landscape restoration, and utility/manhole adjustment.

Analysis:

Affected residents have been invited to this public meeting. At this time, Staff will receive comments and recommendations, and incorporate them into the plans and specifications if appropriate. The final plans and specifications are near completion should be ready for City Council approval in January 2005.

Fiscal Impact:

There is no fiscal impact at this time.

Attachment: Street Improvement Plans

Respectfully submitted,

Concur:

Tristan D. Malabanan
Associate Engineer

Richard D. Morgan, P.E.
Director of Public Works/City Engineer
