2005 Manhattan Ave.
Hermosa Beach, CA 90254

Honorable Chairman and Members of the
Public Works Commission:

I am against the "Request for
Vacation of a portion of Palm Drive
Between 19th and 21st Streets."

These portions are of value at this
time and at any future time. The
wider right of way is needed (40 feet) for
street ~~sidewalk~~ parking. Also the wider
width is needed so that fire trucks
and ambulances can access the need,
easier. The 40' width is needed
for cars to back out of their driveways.
The 20' width of other ~~a~~ alleys is
dangerous when you drive down them -
I avoid them so my car won't get
hit by someone backing out.

Thank you for considering
these concerns.

Sincerely,
Anna Parker
